

GOSHEN PHYSICIANS CENTER FOR WEIGHT REDUCTION

Goshen Physicians Center for Weight Reduction provides the tools patients need to meet their weight loss goals. These include everything from the modern facility and on-site fitness center with the latest equipment and private locker rooms, to the dedicated specialists equipped with the most advanced research and technology.

At Goshen Physicians Center for Weight Reduction, patients will experience an atmosphere of encouragement and receive the emotional support that other programs overlook. Once the comprehensive program is completed, patients have a new outlook and lifestyle, as well as the knowledge and resources to maintain them. Each patient is unique and the Colleagues are committed to treating them with sensitivity, compassion and respect.

Services include:

- Laparoscopic Roux-en-Y Gastric Bypass
- Laparoscopic Sleeve Gastrectomy
- Laparoscopic Adjustable Gastric Banding
 - Lapband®
 - Realize Band®
- PositiveLite Medically Managed Weight Loss Program
 - Nutritional Counseling
 - Fitness Training and on-site fitness center
 - Support Groups
 - Wellness Coaching
 - Health History and Medication Assessment

Who should you refer?

For Medically Managed Weight Loss:

- 18+ years in age
- Any patient interested in losing 25-500+ lbs
- BMI between 25-34.9 and above

For obesity surgery:

- 18+ years in age
- 100+ lbs over ideal body weight
- BMI 35-39.9 with 2 diagnosed co-morbidities
- BMI greater than 40
- Attempted non-surgical weight loss without success
- Objectively measurable medical issues/diagnoses related to obesity
- Ready and willing to make the commitment to make life changes necessary
- Addictions to drugs/alcohol and/or mental health issues must be well controlled

Dr. Denise Murphy
Medical Director,
Bariatric Surgeon

Dr. Winston Gerig
Bariatric Surgeon

Kathy Meier, NP
Program Coordinator

**To refer a patient to
Team: Bariatrics, please fax a
referral form to (574) 537-1034.**

**For additional information,
including free weight loss seminar
dates and locations, please visit
goshenquickguide.com
or call (574) 537-8326.**

All patients will be required to attend a free educational seminar to learn about the options available to them and to ensure they understand the commitment involved in both medically managed and surgical weight loss options. Insurance coverage is verified and financial responsibilities are communicated to the patient before his/her initial consult.
